### Using your Heated Seats

Experience indulgent comfort with our premium Heated Seats, designed for effortless elegance. At the press of a button, discreetly embedded heat pads activate, delivering a soothing warmth over a 60-minute cycle—perfect for unwinding in style. A soft red glow from the control button signals that the heat is engaged, adding a refined visual touch. Thoughtfully engineered for simplicity and sophistication, this feature offers an elevated relaxation experience accessible to all. When you're ready to rise, a single touch deactivates the warmth, completing your moment of luxury.
