# PLAN X

Because easy is simply better –  
**The new Venjakob planning system**

PLAN X based on uniform grid sizes:

**8 height grids**

**6 width grids**

**4 depth grids**

are available for planning. Therefore, PLAN X enables a furniture set-up that fits perfectly, matches your life-style exactly and gives the room a unique character.

## X3 - WHAT YOU NEED TO KNOW FOR YOUR PLANNING PROJECTS:

- For planning elements the following rules apply:  
A careful measurement is a prerequisite for exact assembly and alignment of the furniture. Please keep in mind that floors, walls, ceilings etc. are not exactly straight.
- Only planning elements of the same height can be combined, the elements are not stackable.
- The planning elements can be fitted together up to a total width of 242 cm, in this case the top leaf will be in one piece end-to-end, the outer side panels of the planning elements automatically become middle panels. The overall dimension for items consisting of fitted planning elements is increased by 2 cm in width because of the wood ledge (example: 3 planning elements with a width of 40 cm result in an item with a total width of 122 cm).
- The planning elements are available as free-standing single items at the same price.
- If you want to change system recommendations, they have to be dismantled into their planning elements.
- The respective ambient lighting as well as underframes and underframe lighting for individual configurations can be found on the last page.
- Please always add a sketch to your order!
- All pictured wall units, system recommendations and planning elements have an „L“ as the 9<sup>TH</sup> number of the order number, all mirrored items are labeled with an „R“. The mirrored item is available at the same price.
- Special designs (changes of width, height or depth) on request and at a surcharge!

changes of width for wall shelves and shelves for shelving units:  
changes of height for wall panels and side panels:

- The range can be individually arranged with the planning program **furnplan**

Are models are protected by design law.  
The right of technically required modifications as well as colour deviations is reserved.  
No liability for misprints and errors.  
All dimensions are approximate (all in cm).  
Prices | Availability of the range only valid with range in show room!

**carcase + front:**

03- oak rustico light oiled finish

07- oak light oiled finish

**rear panels:**

38- lacquered anthracite matt

No special colours available.

**Available finishes for wall units, system recommendations and planning elements (please add the order-no.):**

CARCASE + FRONT:	REAR PANEL:	5 <sup>TH</sup> - 8 <sup>TH</sup> number of the order-no.*
oak rustico light oiled finish	lacquered anthracite matt	- 0338_
oak light oiled finish	lacquered anthracite matt	- 0738_

TRANSFORMER

R915-0000  
2-30 watt

The transformer has a max. load of 30 watt. Please add up the wattage of the lightings and order the needed number of transformers!  
Example: 5 x set of 1 lighting R901-0001+ ambient lighting R909-0064 = 5 x 2,4 watt + 25 watt = 37 watt. You need 2 transformers.

METAL UNDERFRAME
